

CPC Strip Automatic Center Position Control System

Building 4, Hengxin Industrial Park, No. 8 Xinhua Avenue, Huangpi District, Wuhan,
Hubei, China 430000
Wuhan 430000
China

Phone: 8613995588597

The function of the system is to automatically align and correct the deviation of the steel strip, keep the center position of the steel strip basically unchanged, and meet the requirements of continuous centering. It can detect the control object in the production process by using the principle of electromagnetic induction or photoelectricity.
