

Guangdong Symphony Keruilai Air Coolers Co. Ltd.

No.81 Fenxi Yi Road, Wanjiang District
Guangdong 769
China

Phone: 769-22188788

We endeavor to provide environmentally friendly cooling systems primarily using evaporative cooling pads technology to manage the air temperature and provide efficient cooling in premises. Energy Efficiency is critical in any cooling operation. Our key focus and research has been directed towards achieving better ventilation, cooling and dust removal, at high-energy use efficiency of up to 80% compared to conventional refrigeration technology.
