Billet Shape Measurement and Quality Cut-to-Length System

Building 4, Hengxin Industrial Park, No. 8 Xinhua Avenue, Huangpi District, Wuhan,

Hubei, China 430000
Wuhan 430000
China

Phone: 8613995588597

The system realizes the fixed-length measurement of the width, thickness and length of the continuously cast product through machine vision and laser rangefinding system. The measured data is transmitted to the host system through the optical fiber. we can realize the fixed length measurement and fixed weight control of the cast products and the precise control of the steelmaking process.
