Mould Breakout Prediction System Thermocouple Calibrator

Building 4, Hengxin Industrial Park, No. 8 Xinhua Avenue, Huangpi District, Wuhan,

Hubei, China 430000
Wuhan 430000
China

Phone: 8613995588597

It is a special equipment specially developed for off-line detection of mold breakout prediction thermocouples. This calibrator has the advantages of high test accuracy, reliable data, light weight, portable and easy to use. It can fully meet the needs of on-site installation testing and use process verification. It is an essential tool for on-site online testing.
