

Strip Slab Width Measuring System

Building 4, Hengxin Industrial Park, No. 8 Xinhua Avenue, Huangpi District, Wuhan,
Hubei, China 430000
Wuhan 430000
China

Phone: 8613995588597

The slab width measuring system adopts dual industrial CCD cameras to proceed the online measurement of the steel plate on the roller bed by using the principle of stereo vision technology, and combines the high-speed digital signal processing technology and programming software to process the signals accordingly, so that we can realize precise control of the steelmaking process during production.
